## EDUCATION, A GIFT FOR LIFE

### Helping to BRIDGE THE GAP by empowering youth

In 2017 in partnership with Remar Guatemala, CHIMEIN and Empowering Business Latin America (EBLA) launched the educational campaign to help promote education as tool for development in the country.

Guatemala is a country with a population of 16,000 million. The country has a poverty rate of 59.3% and 5.5% have 5 years average of an education level.

If we want to help Guatemala become economically stable, secure and prosperous we need to empower our youth through education. Our goal is to BRIDGE THE GAP by facilitating a superior level of education to the children of REMAR.
